For more than 20 years, **Design Franc Art** has both grown and flourished thanks to our tireless and endless efforts in further developing our services and custom products while continuing our lead in developing cutting edge technologies that seriously meet and satisfy the ever changing, diverse needs of our clientele. But none of this would have been possible without the support and confidence we gratefully receive from our cherished clients. We are both grateful and proud of our accomplishments together.

Please take a look at our latest portfolio in the enclosed catalogue. It truly offers a vast selection of diverse custom products, a variety of parts/pieces and materials for creating an unlimited number of unique mementos that will certainly make some heads turn. We have added new, high-end materials for creating elegant pieces that will set you apart from your competitors. We continue to lead and set the highest standards in many ...and so much more!

Our manufacturing process and equipment are considered state of the art. Capable of producing high quality items delivered on time and within your budget. **DFA** is the only manufacturer offering such a wide range of products and materials under one roof. Whatever designs you have in mind, regardless of your budget, we will always figure out how to fulfill your needs.

When you work with **Design Franc Art,** you are in a partnership with highly skilled creative professionals who take their work seriously and keep an eye on our main objective: your success! Whatever your need: recognition items, awards, trophies or tombstones, you must consider **Design Franc Art** as your ultimate choice and solution for making it always a special, relevant and thoughtful creation. We want you to grow your business with our help and sincere commitment, talent and fine custom products that can only prove to you and your clients how much they are appreciated.

Francis Carrier
President

Starting from a hand drawing or a basic idea, our creative artists will be pleased to create for you a personnalized 2-D layout and if requested, a 3-D rendering photo to help you visualize the final product.
